Continuation of Substance of Interview including description of the general nature of what was discussed: Upon thorough review of the application, the Examiner and her supervisor, T. K. Page suggested the following changes to place the application in a condition for allowance: (1) To amend claim 1, part (b) to include the phrase limitations 'wherein the delayed release portion is achieved by coating a core or granulations with at least one delayed release control polymer'. Attorney was informed that a clear definition of the term 'biphasic' had not been provided in the instant specification and hence, the added claim language to independent claim 1 was being added to show how Applicant's results were achieved. Attorney agreed to Examiner's suggestions. Examiner agreed to do an Examiner's Amendment making the necessary changes to claim 1. A Notice of Allowability will be mailed.
